

HER RALLY

February 10, 2024

IT'S GOING TO BE A "SAVVY HER" YEAR!

Pastor Derozette Banks

What is Savvy?

Shrewdness—showing good powers of judgment. Consider decisions or come to a sensible conclusion. Practical knowledge. Shrewdness is not outwitting someone else.

God is putting a demand on His daughters. He wants no excuses. He wants to check our character because our character is what is needed to fulfill His anointing. It's a matter of preparation and submission. He wants to build the character of each of us this year!

You can't rescue someone who's drowning if you can't swim. We can't lead people where we haven't been or where we are not willing to go.

We need to be prepared. Exhaustion, physical and/or mental, will make you a punk and cause you to rely on your sinful nature. We are not going to be women who live in our past. It can give us knowledge, but it doesn't define us.

Wisdom is very practical. Enough is enough—the world needs us. It is groaning! We can no longer be selfish and self-serving. Once we line up with Him, "ME" is taken care of better than me can take care of me.

What does He know about you that made Him bring you here? He is the great apothecary—he takes everything and uses it for His glory and our benefit.

"As a man thinks, so is he." Start new thought patterns; start new habits. Can you change one thought pattern? It can break addictions...It's HUGE!

If you have no intimate knowledge of Christ then you have nothing to compare and align your thoughts to.

When we were young, we were free and we would twirl around. Go back and think, "When did I stop twirling?" We need to WILL to be happy, disciplined, and secure in who we are. May we own our calling and not cover it up. May we not be afraid of our own brilliance. Growing old is not declining, it's elevating! No LIMITS!

Put a demand on Him, but know that He will put a demand on you.

We need to find a word that will immediately disrobe when someone is trying to robe you with their expectation. Pastor D's word was "So" (with the hair flip).

We can't get to a positive place by introducing the negative.

HOMEWORK FOR OUR NEXT RALLY, ON MARCH 9:
